WELCOME TO Hyderabad

Dear Friends,

It gives us immense pleasure to welcome you to ISTSCON2024 at Hyderabad. We are glad to host ISTSCON for the first time since the inception in association with Hyderabad Thoracic Society & Yashoda Hospitals. It is our proud privilege and immense pleasure to invite you to ISTSCON2024 which is special to one and all as it is a prestigious event. Hyderabad is well known for "Mehmaan Nawazi" - the exceptional warmth for the guests. The entire Thoracic Surgery community of Hyderabad is very much excited and elated at the prospect of playing host to the stellar faculty as well as the enthusiastic delegates.

Thoracic Surgery of two Telugu speaking states in general and those of Hyderabad in particular, have been conducting many CME programs, Workshops and Updates in VATS, UVATS, RATS & Pectus Workshop. This cumulative experience will play an impetus to build a conference that can carve a niche in the history of ISTSCON.

ISTSCON2024, Hyderabad is going to create a platform that fosters connections and collaborations in addition to networking, receptions and other social functions. It also enables the delegates to meet someone new and catch up with the old friends as well. As delegates gather in Hyderabad for ISTSCON2024, their energy will be felt in familiar activities like simulation courses, Problem based learning sessions, Meet the expert sessions so on and so forth.

We are making all efforts to design the scientific content with a specific focus on the young Thoracic Surgeons who can better apply their knowledge and are eager to stay abreast with the rapid developments. We assure you that the ISTSCON2024 is going to have a heavy dose of "INFOTAINMENT" and all the delegates should discover new insights, new perspectives and renewed energy for the work ahead.

Hyderabad is considered the safest city in the country and also the world's best-rated clean & green city. The best of all of course is the delectable Hyderabadi Biryani, mouthwatering kebabs and unique delicacy called patta ka ghosh to enhance your taste buds along with the academic feast. We will leave no stone unturned in making ISTSCON2024 a wonderful and enriching experience.

Unveiling Insights: Advancing Knowledge & Shaping the Future

ABOUT HYDERABAD

The city which is 425 years old, and is one of the fastest growing economies in India, has overtaken several cities in the areas of pharma, IT, hospitals, hotels and entertainment. Once a very royal and laid back, Hyderabad spread over 660sq km, with 70 lakhs population is the 4th most populous city in India and 2nd fastest growing city in the world.

Birla Mandir is a beautiful temple constructed with 2000 tons of pure white marble was inaugurated by Swami Ranganathananda (of Ramakrishna mission) in 1975. The temple is on top of a mountain 35 metres, spread over 15 acres. Lord Venkateshwara (Lord Balaji) is the presiding deity. The deity is 11 feet tall and carved out of pure marble. The speciality of the temple is that there are no temple bells, to provide silence, so that the devotees can meditate. The temple opens at 7am and closes at 9pm, with a lunch break from 12pm to 3pm. There are gift shops, where one can buy a variety of devotional pictures, idols, music and gifts.

Charminar Constructed in 1591 is a famous monument located in Hyderabad. The landmark has become known globally as a symbol of Hyderabad and is listed among the most recognized structures in India. This 420 year structure is on the banks of Musi river and surrounded by busy and glittering ever busy markets including an entire street of bangle shops called Lad bazaar. Charminar has become one of the most frequented tourist attractions in Hyderabad.

Hyderabad International Airport Hyderabad International Airport named as the Best Regional Airport in India & South Asia

New International arrival hall which is spread across 12,715 sqm and is designed to give passengers soothing experience

Today, Hyderabad Airport is rated as one of the best airports in the world and has set benchmarks in operations, service quality and passenger experience. It has been consistently rated among the best airports, having been ranked as Global Top 3 airports in 5 -15 million passenger per annum category for 9 consecutive years

Buddhist Statue is a monolith (single block of rock) and the world's tallest monolith of Gauthama Buddha erected on rock of Gibraltar in the middle of a pristine lake called Hussain Sagar erected at a cost of Rs 20 crores in 1985, the statue is 5 feet tall and weighs 350 tons, it was a dream project of the then chief minister of the state at that time N.T Rama Rao.

ABOUT VENUE **Yashoda Hospitals, Hitec City**

Yashoda Hospitals Hitec City, one of the biggest private quaternary super-specialties in the country, is now located in the centre of Hyderabad's tech hub.
